TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Epping in the County of Rockingham in said State, qualified to vote in town affairs:

You are hereby notified to meet at town hall in said Epping on Tuesday, the ninth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

Art. 1. To choose all necessary town officers for the year ensuing.

Art. 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

Art. 3. To see what sum of money the town will vote to raise and appropriate for roads and bridges.

Art. 4. To see what sum of money the town will raise and appropriate for contract with New Hampshire Gas & Electric Company for street lighting.

Art. 5. To see what sum of money the town will vote to raise and appropriate for support of the Public Library.

Art. 6. To see what sum of money the town will vote to raise and appropriate to defray Memorial Day expenses.

Art. 7. To see what sum of money the town will vote to raise and appropriate for winding and care of the Church Tower Clock.

Art. 8. To see if the town will vote to authorize the selectmen to borrow money in anticipation of taxes.

Art. 9. To see if the town will vote to raise and appropriate the sum of \$989.50 to refund to the Merrimack Farmers Exchange due to an error made by that Company in the inventory of stock in trade given into the town for the year 1947.

Art. 10. To see if the town will vote to raise and appropriate for class V. highways the sum of \$610.58 upon condition that the state contribute \$2442.30.

Art. 11. To see what sum of money the town will vote to raise and appropriate to gravel and tar Prescott Road from the residence of Elton Allen toward the residence of William S. Mason.

Art. 12. To see if the town will vote to raise and appropriate the sum of \$2500.00 to be made available for testing and investigating a new water supply for Epping Town Water System.

Art. 13. To see what sum of money the town will vote to raise and appropriate for a new front stage curtain with valance and necessary pulleys and fixtures for the town hall.

Art. 14. To see if the town will vote to raise and appropriate the sum of \$300.00 to repair the plaster on walls in the town hall.

Art. 15. To see what sum of money the town will vote to raise and appropriate to paint the hands and face of the church tower clock.

Art. 16. To transact any other business that may legally come before the meeting.

Given under our hands and seal, this fourteenth day of February, in the year of our Lord nineteen hundred and forty-eight.

JERRY L. THAYER,
LOUIS P. LADD,
THOMAS W. FECTION, -

Selectmen of Epping.

A true copy of Warrant—Attest:

REPORT OF HEALTH OFFICER

I herewith submit report of the Health Officer for the year ending December 31, 1948.

Monthly samples of the town water have been sent to the Laboratory of Hygiene, Concord, N. H. Each test has resulted in a very satisfactory report, except in some cases test showed traces of iron.

A few cases of contagious diseases were reported. In each case communicable disease cards were placed on residence where disease was reported. Several cases of unsanitary conditions were reported. Each report was carefully inspected and conditions remedied.

I wish to thank the citizens of Epping for their splendid support and cooperation.

EDWARD T. LAVOIE,
Health Officer.

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION**

Concord, New Hampshire

February 10, 1948

**Board of Selectmen
Epping, New Hampshire**

Gentlemen:

Submitted herewith is the report of an audit and examination of the accounts of the Town of Epping which was made by this Division. This audit covered the fiscal year ended December 31, 1946, and the period from January 1st to November 18th, 1947. Exhibits as hereafter listed are included as part of the report which is made up in three sections as follows:

Section I—Fiscal Year Ended December 31,
1946

Section II—Period January 1st to November
18th, 1947

Section III—Statistical Tables Covering Ten Year
Period

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Water Department Collector, Library Treasurer, Municipal Court and Trustees of Trust Funds.

FINANCIAL STATEMENTS

Comparative Balance Sheets - Dec. 31, 1945 - Dec. 31, 1946: (Exhibit A)

Comparative Balance Sheets as of December 31, 1945 and December 31, 1946, are presented in Exhibit A. As indicated therein the Net Debt decreased by \$3,552.54 during the year 1946.

Analysis of Change in Financial Condition:

(Exhibit D)

An analysis of the change in financial condition of the town during the year is made in Exhibit D, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues:

(Exhibits B & C)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1946, are presented in Exhibits B and C. As indicated by the budget summary (Exhibit C), a net revenue surplus of \$1,-259.84, less a net over-draft of appropriations of \$1,-256.40, resulted in a net budget surplus of \$3.44.

Statement of Indebtedness: (Exhibit E)

A statement of indebtedness, as of December 31, 1946, showing annual maturities of principal and interest, is contained in Exhibit E.

Summary of Receipts & Expenditures: (Exhibit F)

A summary of receipts and expenditures for the fiscal year ended December 31, 1946, made up in accordance with the uniform classification of accounts, is included in Exhibit F. Proof of the Treasurer's balance as of December 31, 1946 and November 18, 1947, is indicated in Exhibits G and A-1, respectively.

Statistical Tables:

The third section of the report is comprised of statistical tables covering the ten year period from 1937 to 1946. These are as follows:

- I —Comparative Balance Sheets
- II —Comparative Statement of Indebtedness,
Valuation and Taxes
- III —Comparative Statement of Taxable Valuation and Taxes Assessed.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified.

GENERAL COMMENTS

Selectmen:

The tax collector's warrants reflected uncollected poll taxes as far back as the Levy of 1939. The tax warrants for the levies of 1947 and 1946 were audited as of November 18, 1947. Lists of uncollected taxes for the levies of 1945, 1944, 1943, 1942, 1941, 1940 and 1939 were drawn off. Verification notices were sent by mail to each taxpayer whose name appeared thereon. Many of these replied claiming exemption from paying poll taxes because of being over 70 years of age, no longer residents, or war veterans. Others claimed to have paid the items in question and some stated that tax bills were never received. 267 notices were returned to this office unclaimed.

In our opinion a great amount of the confusion is the result of not taking an accurate inventory of poll taxpayers each year and making corrections as taxpayers move away, reach the age of 70, obtain veteran's exemptions, etc.

Uncollected taxes, both property and polls, should be carried as assets in the balance sheet until such time as they are either collected or abated. It is apparent however that a large amount of the previous years' taxes on the collector's lists are uncollectible and it is recommended that the lists be gone over carefully by the selectmen and collector. Such taxes as are uncollectible should be removed from the lists through regular abatement procedure.

It is also recommended that the collector give the town deeds to all unredeemed items from tax sales

on account of the levy of 1944 and previous years. If for any reason a deed cannot be taken the unredeemed tax should be abated.

We also found that the amount of the poll taxes actually listed in the warrants was considerably in excess of the amount of the warrants as committed to the collector.

School Tax:

It is apparent from the school district records that the school meeting raised \$26,575.37 for the 1946-47 school year, but the town actually assessed only \$26,075.37, on account of school tax in 1946. You will note that this difference has been adjusted in the comparative statement of appropriations and expenditures (Exhibit B).

Town Treasurer:

Accounts of all town officers should be closed as soon as possible after the end of the fiscal year, December 31st. The treasurer should close his books promptly after final remittances have been received from the tax collector, town clerk or other fiscal officers. All funds should be deposited immediately thereafter. That this has not been done is indicated by the fact that the last deposit on account of 1946 funds was made on February 24, 1947.

Remittances from the collector should be recorded by the treasurer in his cash book in detail, separating property and poll taxes collected and redemption from tax sales and interest by year of tax levy.

Tax Collector:

When remittances are made to the treasurer on account of redemptions from tax sales in each case the amount of sale (including taxes, interest and costs to date of sale) and interest after sale should be reported separately.

At the close of each year the collector should submit to the selectmen, as part of his annual report, complete lists of uncollected and unredeemed taxes for the current and previous years' tax levies. This is required by Chapter 59, Section 31, of the Revised Laws of New Hampshire.

Road Agent:

The road agent should obtain the signatures of employees on highway payrolls which are filed with the selectmen as evidence of payments made by the road agent to employees.

Water Department:

It is recommended that loose-leaf ledger sheets for individual accounts with debit, credit and balance columns, be adopted by the collector of the water department. This would make it much easier to obtain year end balances of accounts receivable than is the case under the present system.

Conclusion:

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report. This letter of transmittal

should be included in its entirety but the inclusion of Exhibits is optional.

We extend our thanks to the officials of the Town of Epping for their assistance during the course of the audit.

Yours very truly,

Harold G. Fowler
Director

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Norman P. Schauer, Auditor
Roger G. Guilmette, Accountant

(NOTE)

In the foregoing report the Selectmen took exceptions to Paragraph two and paragraph five—"General Comments to the Selectmen."

In consequence the Selectmen met with Mr. Harold G. Fowler, Director; Mr. Norman P. Schauer, Auditor and Mr. Roger G. Guilmette, Accountant, at the Town Hall Epping, Tuesday February 17, 1948.

In reference to paragraph 2. The Selectmen requested that evidence be shown whereby an accurate inventory of poll taxpayers were not taken by the Selectmen. They were unable to show any evidence at all except that they made reference to the years 1939 and 1940. The Selectmen demanded that this paragraph be withdrawn.

In reference to paragraph 5. The Selectmen took

exception to this paragraph and requested that evidence be shown. Mr. Fowler in questioning Mr. Schauer—Q. Does the number of names as listed in the poll tax books correspond to the amounts shown in the warrants? A. Mr. Schauer, Yes. Mr. Fowler then made the statement that he was to blame for that paragraph. Mr. Schauer stated that no, probably he was at fault. Mr. Fowler agreed to change the paragraph. The Selectmen demanded that as it was wrong and false, as brought out by their own admission, that the paragraph must be withdrawn.

In the opinion of the Selectmen, to quote a false opinion as in paragraph two and further more to print a fallacious statement and admit it as in paragraph five—shows serious incompetency on the part of the Division Of Municipal Accounting.

Jerry L. Thayer,
Louis P. Ladd,
Thomas W. Fecteau,

Selectmen of Epping.

SCHOOL WARRANT

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Epping, qualified to vote in District Affairs:

You are hereby notified to meet in the Epping Town Hall, in said District, on the thirteenth day of March, 1948, at two o'clock in the afternoon to act upon the following subjects:

1. To choose the necessary school district officers.
2. To determine and appoint the salaries of the School Board and truant officer, and fix the compensation of any other officers or agents of the district.
3. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.
4. To choose Agents and Committees in relation to any subject embraced in this warrant.
5. To see if the district will vote to send its high school pupils to Exeter and authorize the school board to take the necessary steps to petition the Superior Court in accordance with N. H. Revised Laws, Chapter 138, section 34 for the discontinuance of the existing Epping High School.
6. To see if the district will vote to construct an addition to the present Epping Central School and to make the necessary alterations in the existing building to accommodate grades 1-8.

7. To see if the School District will appropriate the sum of \$20,000 to be used for the construction of an addition to the Epping Central School and make the necessary alterations in existing building; said sum to be raised by the sale of the School District's notes or bonds.

8. To see if the district will appoint a building committee consisting of the School Board and four other voters to act as a building committee to execute any and all contracts or agreements necessary, proper or advisable, in connection with the constructing of the addition and the remodeling of the existing Epping Central School.

9. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing years for the support of public schools and the payment of the statutory obligations of the district, as determined by the School Board in its annual report which provides for the transportation of High School pupils from West Epping and any other High School pupils who live more than two miles from school.

10. To see if the district will vote to raise and appropriate \$2,300.00 as a deficiency fund to be used this year (1947-1958).

11. To transact any other business which may legally come before this meeting.

Given under our hands at said Epping this fifteenth day of January, 1948.

VICTOR JOOS,
RICHARD Y. PIPER,
HELEN H. DEARBORN,
School Board of Epping.

SCHOOL BOARD BUDGET

From July 1, 1948, to June 30, 1949

Plan I

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Epping, of which the above is a true summary for the fiscal year ending June 30, 1947, and find them correct in all respects.

JOHN J. TILTON,
Auditor.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Epping:

It is with pleasure that I submit my first report relative to your schools. As I was elected to this position only four months ago most of the statistics will cover Mr. Osgood's last year as superintendent.

The past year has again brought several changes in faculty membership. These changes will be covered in reports by Carrie Odiorne of the Central School and Henry Barber of the High School.

The Epping P. T. A. has sponsored the hot lunch program this year at the Grange Hall, feeding 135 children daily at a cost of 15 cents per meal. This program is Federally aided and offers a fine opportunity for bus and town children to get a hot well-balanced meal each day. Provisions are made to offer free lunches to those who are undernourished and can not afford the program.

Due to changes made in State Law concerning school attendance, the school year is being lengthened to insure at least 180 school days. This will mean that schools in this town must operate during stormy days or face the alternative and remain open longer in June.

Epping High School is in very poor condition and if it is not suitably repaired prior to next September there is a strong possibility that it will be removed from the state accredited list. To repair such a building is a costly proposition and maintenance involved

would be an added handicap. Five plans have been evolved as a possible remedy and it is hoped the townspeople will vote on one plan so as to prevent future embarrassment to the citizens of this town.

Plan I calls for remodeling present High School, adding two story wing, employing two additional teachers, much new equipment and involving a budget increase yearly of over \$18,000.

Plan II is similar to plan I except grades 11-12 would be transported to Exeter. Budget increase over \$14,000.

Plan III would involve making present High School into a Junior High. Send grades 9-12 to Exeter. Budget increase \$14,000.

Plan IV calls for closing High School, sending grades 9-12 to Exeter and adding wing to Central School. Budget increase \$8,000.

Plan V would involve sending grades 8-12 to Exeter, and would cost same as plan IV.

It is hoped that the voters of Epping will choose wisely and in the best interests of the children of this and future generations.

In closing I wish to express my appreciation to the School Board, the teachers, pupils and citizens of the community for their hearty cooperation during the past four months.

Respectfully submitted,

ARTHUR W. DANIELSON,
Superintendent.

REPORT OF HEADMASTER OF EPPING HIGH SCHOOL

February 4, 1948.

*To the School Board, Superintendent of Schools, and
the Citizens of Epping:*

I hereby submit my fourth annual report as headmaster of Epping High School.

This report concerns the school year which has elapsed between the time of the previous report and this report.

School Enrollment

At the close of school in June, 1947, there were ninety-six pupils in the high school building. Of these, seven were graduated in the class of 1947, and thirty-two more were graduated from the eighth grade. Of these thirty-two, only nineteen entered the ninth grade in Epping in September.

Let us examine the reasons behind the withdrawal of these thirteen students. Five of these discontinued their schooling, and probably would have discontinued in any school system because of losing interest, becoming outranked, needing earning power, or other similar reasons. Two pupils entered other schools because of necessity. Six pupils entered near-by schools because of inadequacy of our restricted curriculum to provide for their needs. If these figures are significant, nearly 20 per cent of the eighth grade found

their needs so little met that they were forced to go out of town to school.

Inspection of last June's and this September's enrollment show much the same story in the ninth, tenth, and eleventh grades, where, out of eighteen students who did not answer our bell on the first day of school, eight were at other schools because, primarily, of wider subject offerings. Two of these eight returned to Epping shortly after school started but it is significant to note that they are both students pursuing college preparatory courses.

In all there were eighty-two pupils enrolled in the high school building at the opening of school in September; a decrease of ten from the average initial enrollment of the last three years. Of these, sixteen pupils were members of the present senior class, but one has recently left school to marry.

The Graduates of 1947

Keeping the chain of service to country unbroken, one of our graduates has joined the United States Navy. One girl is attending McIntosh Business College and one girl, having completed a course at Houle's Beauty Academy in Manchester is now a beautician. Ada May Draper is now Mrs. Richard Young. The other three members of the class are all employed out of town.

Several members of earlier classes are enrolled in four year college programs and are doing well. Our average in respect to graduates going to college has compared favorably with that of the state average for the past few years. From time to time citizens who have not inquired into the facts have stated that

Epping High School graduates can not enter college. Nothing could be farther from the truth at the present time as the facts clearly indicate. As long as Epping High School remains accredited by the New Hampshire State Board of Education, our graduates have chances commensurate with their ability. If they plan on college and take the college preparatory course, doing sufficiently well to gain the headmaster's recommendation and to stand in the upper third of their graduating class, their chances of entering college should be no poorer than those of students from other schools in the state.

Changes in Staff

Mrs. Dorothy Parker replaced Miss Louise Temple as teacher of home economics. Mrs. Parker comes to Epping after teaching at Plymouth and is a graduate of Keene Teachers College. Miss Temple is now teaching in Nashua.

Mr. Arthur Enman replaced Mr. Peter Kirslis as teacher of social studies. Mr. Enman is a veteran and a graduate of the University of New Hampshire. Mr. Kirslis is now teaching in Washburn, Maine.

SCHOOL ACTIVITIES

School Athletics

Once more in cooperation with the Southeastern League, Epping High School engaged in an extensive interscholastic athletic program.

Cross-country, basketball, and baseball for boys, and volleyball, basketball, and softball for girls supplied the students with suitable athletic interests.

The outstanding record compiled by the cross-country team is especially noteworthy. The harriers, under Capt. Albert Letourneau, went undefeated in their own class for the second year, and, for the second year in a row, annexed the Southeastern League championship and the New Hampshire state class "B" championship. Richard Averill became a state titleholder at Durham, setting a new class "B" state record by several seconds and at the same time eclipsing the then-existing class "A" state record.

The Squad was entertained at the UNH-Tufts football game by the University of New Hampshire and were guests of Harvard University at the Harvard-Brown football game when they competed in the New England meet at Franklin Park, Boston.

Last spring the Southeastern League held its first annual basketball tournament at Farmington. The event was very successful and our boys gave a very creditable showing, playing probably their best basketball of the season.

This year we are indebted to Mr. Donald Lavigne who is spending much time and effort in coaching the boys' basketball team. Although not a faculty member, his unfailing service and considerable knowledge of the game have produced a squad with the necessary spirit and ability to be successful.

Once more we participated in the informal track meet at the Deerfield Fair.

The school wishes to thank formally Mr. Everett Judkins and the other Legionnaires and Auxiliaries who conducted a benefit beano so that they might make suitable awards to the cross-country squad.

Other Extra-Curricular Activities

Each class has sponsored a major dance and, in addition, a school party for school members only. In connection with dances, most classes find that they lose money, as expenses have gone up while our crowds have remained about the same.

The cheerleaders once more have offered vocal support to their school's teams.

The Senior Play last spring, once more under the direction of Mrs. Gladys Chick, was very worthwhile and enjoyable.

This fall the Athletic Association presented a musical production, *Holiday Serenade*, produced and directed by Miss Prudence Hayes. With the Glee Club as the nucleus of the cast, the event was very successful.

Worth note once more is the very high percentage of pupils who take part in one or more of the student activities.

The class of 1947 enjoyed a trip to New York City during the spring vacation, chaperoned by Mr. and Mrs. Ernest Chick and Miss Louise Temple.

During May the sophomores went to Boston and derived great benefit in connection with their biological studies by visiting the Harvard University Museum, and studying the Ware collection of glass flowers and the exhibit of comparative zoology.

Once more the school enjoyed a day's outing at

Hampton Beach as the last social gathering before commencement activities.

Epping High School Seal

For the first time in its long history, Epping High School now has an official seal that is representative of its heritage and of its ideals.

After several ideas for seals were suggested by students and faculty members, the ideas were executed in detail by artists of the L. G. Balfour Co., ring makers for Epping High School classes for years past.

From the drawing submitted the whole student body acclaimed one which is now our official seal.

The central design of this seal is shield-shaped. This shield is divided triradiately. In each of the three sections thus formed is the raised reproduction of our State House dome. This of course symbolizes public service and democratic ideals of government and commemorates three of Epping's favored sons the Governors William Plumer, David L. Morrill, and Benjamin F. Prescott. Below the shield, a scroll, conforming in shape to the bottom of the shield, carries the inscription "Epping." Above the scroll's ends on either side, are the letters "H. S." Passing behind the shield on the median line and showing at top and bottom above and below the shield is the Grecian torch of knowledge, signifying learning and enlightenment.

I believe the seal now ranks with our school song; two symbolisms that many schools our size can not boast.

Our Situation Today

The school physically is in a deplorable condition of neglect and disrepair. Trivial minor repairs and additions mentioned in previous reports need not be mentioned, as these, while still not realized, have dwindled in importance as time and inadequate repairs and improvements have now brought us to the point where the present high school building, in anywhere near its present condition, is entirely unsafe and inadequate for purposes of instruction.

Dispiriting surroundings due to present conditions, inadequate scheduling to assure professional advancement and security, and insufficient personnel all have deleterious effects upon students and faculty.

More detailed and exacting reports and possible remedies are available and can only be appraised by you, the public, as a whole.

In conclusion I wish to thank all who, through inclination or duty, have taken an interest in the school children of Epping; in their progress, in their activities, and in the teachers working with them.

Respectfully submitted,

HENRY J. BARBER, JR.,
Headmaster.

PRINCIPAL'S REPORT OF EPPING CENTRAL SCHOOL

The Epping Central School is fortunate in having a staff of efficient and experienced teachers. There were but two changes this year. Mrs. Christine Taylor of Nottingham, a graduate of Gorham Normal School, was elected to replace Mrs. Thelma Barkin in grades six and seven. Miss Flora Charter is a graduate of Keene Normal School and has attended summer school at Keene, Boston University and Columbia.

The enrollment remains about the same. There were 198 pupils registered in September.

According to the results of the standard achievement tests given, the children are making satisfactory progress. The Elson Basic Readers and accompanying workbooks are in use in all the grades. Several new texts in other subjects have been added and more will be purchased as funds become available.

The pupils and teachers enjoyed their usual holiday parties at Halloween, Christmas, and Valentine's Day. All grades joined the Junior Red Cross and several boxes were packed to be sent overseas.

The playground equipment provides many hours of recreation for the boys and girls. The baseball diamond and volley ball court are in constant use in pleasant weather.

The extension and repairs made on the septic tank have improved conditions on the playground.

The following suggestions should be considered:

1. Renovation of boys' toilet.
2. Grading and tarring around building.
3. Repairs to roof to prevent leakage.
4. Repairs to brickwork in front of building.
5. Interior painting of building.
6. New fencing around playground.
7. Additional slate boards.

Respectfully submitted,

CARRIE ODIORNE,

Principal.

PRINCIPAL'S REPORT OF WEST EPPING SCHOOL

Sixty-six pupils have been registered in the West Epping Rural School since September 1, 1947. Of these, thirty-six are in Primary Room under Mrs. Isabelle Walton, and thirty are in the Grammar School under Mrs. Blair. The per cent of attendance in the upper grades is 93.6. Several cases of contagious diseases have lowered the per cent of attendance.

A sum of more than two hundred dollars was raised for the purchase of playground equipment for volleyball, quoits, see-saws, and swings. It is impossible to mention the names of all those who have contributed to this project but we wish to express our gratitude to the Woman's Community Club under the efficient leadership of Mrs. Clarence Rogers, and to Mr. and Mrs. Howard Hartford whose interests and efforts have helped make possible this fine equipment. It was installed through the efforts of various friends without any cost to the taxpayers.

The very dusky ceiling in the upper grade room was much improved through the efforts of a group of young men from the West Epping Associates.

A Philco radio recently presented by Mr. Frank Willard is much enjoyed by the pupils.

From December to March the noon lunch is accompanied by a hot drink, soup, or hot dish, served without charge, through the contributions made by the Community Club and a few interested friends. The

Community Club also contributes two cents per bottle for each bottle of milk served.

The buildings are in need of a coat of paint. Something should be done to the well, which is partly filled with quick sand, which unfortunately underlies this section and necessitates attention about every twenty to twenty-five years.

By the request of Supt. Danielson, I am respectfully submitting this report from the West Epping Rural School.

MARY E. F. BLAIR.

REPORT OF MUSIC DEPARTMENT

*To the Superintendent and the School Board of Epping,
New Hampshire:*

I hereby submit the annual report of the Music Department.

Music education in the Epping schools has been progressing favorably. Each weekly visit has shown a marked improvement. It is also encouraging to note that, in many instances, there is a much greater interest in the subject.

The high school music has greatly improved this year. The class consisting of approximately 50 students has been exceptionally fine. As well as the regular, this group has also been studying folk dancing and music appreciation.

In December, Epping High School gave a musical comedy in which fifty students participated. The musical was a success financially and was well received by the public.

The grade schools are doing their work well under the daily guidance of their class room teacher. The weekly visits of the music supervisor are very enjoyable because of the fine lesson of each class. The primary grades would greatly appreciate it if a piano could be loaned or given to the school. At the present time, they have very little opportunity for rhythmic which is an important part of their music program.

In West Epping, the music classes have been progressing in the usual manner. Both groups are doing well and are alert and interested in the subject.

It is a well-known fact that music has social power. Through the channels of public performance and individual expression in the class room this power is acquired. It is hoped that during this school year, the students of Epping through the channels of music have received training which will enable them to live richer and more complete adult lives.

In conclusion, I wish to express my appreciation to the School Board, teachers, parents, and many others for their continued cooperation in the accomplishment of my work.

Respectfully submitted,

PRUDENCE HAYES.

HEALTH SUPERVISION

*To the Superintendent of Schools and School Board of
Epping, N. H.:*

Of the 328 pupils examined during the school year 1946-1947, the following cases were found and treatment was given as indicated:

	No. Cases	No. Receiving Treatment	No. Corrections or Improvement
Underweight	37	37	
Defective vision	8		8
Defective hearing	3	3	
Nervous condition	6	6	
Defective teeth	69		38
Diseased tonsils	12		5
Cardiac disease	4	4	
Enlarged glands (Cerv.)	9	9	
Defective speech	4	4	
Deformity	1		
No. of communicable diseases during year:			
Chicken pox	47		
Scarlet fever	1		
Whooping cough	11		
Pediculosis	37		
Skin diseases	59		

Health program of the Epping Schools consists of yearly physical examinations of eyes, ears, throats, etc. This examinations is followed up by home calls to secure corrected work which is needed.

Schools are visited every other week, for inspection and anything else which requires attention. In cases of epidemics the nurse is there daily.

There is an average of 160 hot lunches served daily and milk available for all who want it.

We are fortunate in having an unusually healthy group of school children and very solicitous parents.

The cooperation of the parents and school officials is greatly appreciated and we also wish to thank the P. T. A. and Red Cross for their fine and sincere cooperation.

Respectfully submitted,

CONSTANCE COOPER, R. N.
